ANARCHY RAMPANT AT ODESSA, RUSSIA

Nights Are Made Hideous By Populace of That Town.

MANY ARE KILLED IN THE RIOTS

At Warsaw the Social-Democrats Have Issued a Revolution Proclamation. Disorders Are Reported from All Parts of the Empire.

Odessa, Nov. 3.—Anarchy is rampant here. Killing and plundering by the bands formed of hundreds of localists, continued this morning. Attacks on the Jews are incessant. The nights are made hideous, bodies of "loyalists" with whom the police are fraternizing, marching through the principal streets bearing national flags, portraits of the emperor and ikons, singing the national hymn, smashing everything in their way and looting shops and houses.

Hospital wagons passed through the streets incessantly carrying off the killed, wounded and mutilated.

The troops wreaked terrible vengeance on the residents of three houses from the balconies of which shots were fired by unknown persons, on the soldiers. The latter immediately stormed the house and with unheard of barbarity, massacred all the inhabitants.

It is persistently asserted that the unknown persons who fired on the troops were disguised policemen who purposely provoked the troops. The streets are filled with Cossack patrols and flying detachments of the Red Cross which follow the band of murderous rioters.

The firing has been uninterrupted the whole day and still continues as this dispatch is filed. Many hundreds have been killed or wounded.

The city is in a dreadful state of panic. Even the telegraph offices were closed most of the day for the first time since they opened.

Revolution Proclamation.

Warsaw, Russian Poland, Nov. 3.—Infantry fired on a crowd of demonstrators at 3 o'clock this afternoon.

Two persons were killed and several wounded.

Many fights took place in various parts of the city. The Socialists are attacking the patriotic persons.

The courts and government offices here are closed.

The Socialist-Democrats this afternoon issued a proclamation calling for a revolution. Polish flags were displayed from many balconies and a mass meeting of all political parties assembled at Philharmonic hall to discuss the situation, while the immense crowds surrounding the building sang patriotic songs and shouted patriotic cries until they were hoarse.

A deputation of prominent citizens visited the governor general to protest against yesterday's massacre in front of the city hall, beseeching him to withdraw the military in order to avoid bloodshed. The government promised that the soldiers would not be permitted to use their arms unless attacked.

The strike committee of the Vistula railroad has received a telegram from St. Petersburg saying:

"The first victory has been gained. Hold out."

Rioting at Radom.

Radom, Russia, Nov. 3.—The anti-government demonstrations yesterday ended with wide-spread rioting. The mob destroyed the telegraph poles, burned government property, barricaded the streets and threw bombs at the troops. The soldiers fired volleys at the rioters. There were many victims both civilians and soldiers.

Trouble in Russia-Turkestan.

Tashkend, Russian Turkestan, Nov. 3.—Peaceful celebrations of the issuing of the imperial manifesto granting Russia a constitution, were dispersed by troops yesterday. Cossacks and soldiers fired three volleys. Many people were killed or wounded.

Clergy Attempts to Stop Riots.

Rostoff-on-Don, Russia, Nov. 3.—The whole town today is in the hands of the rioters, who are plundering by the wholesale. Firing is frequent in the streets. Many persons have been killed or injured. Wounded people are being taken to the hospital every moment. The clergy left the churches in attempts to pacify the rioters, but their efforts have been unavailing.

All Work Stopped at Minsk.

Minsk, Russia, Nov. 3.—Doctors of the Jewish hospital worked all night long on the wounded brought in from the railroad station, where the troops fired volleys at the demonstrators, killing many and wounding great numbers. All work is at a standstill. The shops are closed.

Citizens Organize Militia.

Kazan, Russia, Nov. 3.—The city is now under the guardianship of the newly formed citizen militia consisting of students and workmen and mustering 400 men, armed with weapons taken from the police. The new guards patrolled the streets all night. There were no disturbances.

WAS THIS WOMAN MURDERED?

The New York Authorities Believe a Crime Has Been Committed.

New York, Nov. 3—The Times says that the autopsy on the body of Mrs. Margaret Todd, the wealthy woman whose mangled body was found on the railroad tracks at Philadelphia Friday, will be held at 11 o'clock tomorrow instead of today, as announced yesterday.

It is proposed to determine whether the stomach contains poison. According to the Times George Gordon Hastings the attorney who drew the will which Mrs. Todd was to have signed last Monday has in his possession a letter which he asserts is in the handwriting of a party known to him and who is interested in the case. This letter is addressed to George Amory, manager of the Von Hoffman. In part it is as follows:

"July 8, G. W. A.—Do not be afraid that I shall reveal any information you may give me. Have written her a very strong letter and she may get frightened. The little 'son of a gun' may kiss and hug her, but there will be a fight when he tries to get money from her. Should she be taken suddenly ill, send for Mrs. Howe, and if Ms. Todd consents, send for Mrs. Payne.

"Can you get the key and have one made so that you can get into the room? Send for me if she becomes dangerously ill, and I will come at once.

"When anything happens, kick the 'son of a gun' into the middle of the street.

"Tear this up."

BANK ROBBERS ARE CAPTURED.

It is Believed that Entire Gang is Now Behind Prison Bars.

Louisville, Ky., Nov. 3.—A special from Grayson, Ky., says:

Two more of the Willard bank robbers were captured late last night at Olive Hill. The men gave their names as Charles and Steven Stamper, and one of them claims to be a traveling representative of a Cincinnati firm. It is now believed the entire gang of robbers has been captured.

The sheriff at Richmond, Ind., wired Sheriff Jacobs here the description of one of the men who robbed the bank at Hagerstown, Ind., and this description tallies closely with one of the prisoners under arrest here. The Indiana officers are expected here in a day or two.

One of the four prisoners who gave his name as Jack Allen, claims to have a mother living in Knoxville, Tenn.

Voters Must Be Identified.

St. Louis, Nov. 3.—On motion of Chairman Howe, of the Republican city central committee, it was decided by that body at its meeting last night to prepare a list of all registered voters in St. Louis, giving their height, weight, color, nationality, age, business address when they last registered voted, moved their residence and any other distinguishing marks that will assist the judges in making an absolute identification possible and prevent fraudulent voting.

YELLOW FEVER CAN NOW BE CONTROLLED

By Scientific Methods Dreaded Disease Can Be Killed.

ANOTHER EPIDEMIC NOT LIKELY

Professor Rupert Boyce, an English Medical Expert, Returns from a Visit to Central America—Parish of Calcasieu Raises All Quarantines.

New Orleans, Nov. 3.—The raising of all quarantines in the parish of Calcasieu, including Lake Charles, is regarded as the best news that has come to the state board of health in the past fortnight, because it is taken to mean that that parish which assumed the most extreme position on the fever is convinced that it has been virtually stamped out.

Calcasieu and Lake Charles refused all freight from New Orleans, stopped all train service and declared their intention not to re-open communication until frost appeared here. For one hundred days they maintained this attitude and now they have abolished every restriction. Other towns and parishes announce the removal of embargoes, and there are few now that are still barring passengers from New Orleans.

The cases remaining under treatment have dropped today to 18, and the centers of infection are so completely under control that it is regarded as improbable that many more cases will be reported before frost.

Professor Rupert Boyce, dean of the Liverpool School of Tropical Medicine, has returned to New Orleans from British Honduras, where he went in September to look into the health conditions of Belize and the surrounding country. He also visited Spanish Honduras, and Guatemala. He says there was comparatively little yellow fever in British Honduras, but very much of it in the other two countries mentioned. He expresses the belief that if the New Orleans methods are followed, there will be little difficulty in keeping the fever out of Belize.

Dr. Boyce says the authorities in Central America are seeing the light of modern methods in fighting yellow fever and in the enlightened sections of those countries they will be able to prevent the introduction of the disease.

Entering to the possibility of yellow fever next fall, Dr. Waite expresses the opinion that there is no more danger of yellow fever in New Orleans in September, 1906 on account of the present outbreak than if such an outbreak had never occurred. The knowledge and experience gained from the conditions which existed here this year would, in fact, render the danger of another outbreak more remote than it has ever been in the history of the city of New Orleans.

Improvements for Manila.

San Francisco, Nov. 3.—According to specifications received by the local chamber of commerce, the city of Manila, will have 52 miles of sewers and something more than 10 miles of water mains, when the plans that the insular authorities have in view are carried out. The water supply will cross the Maraquina river and a dam will be erected three miles above Montalba and 16 miles northeast from Manila. The size of the water mains will be 42 inches. To furnish an outfall for the sewer system, pipe to the length of 6,500 feet will be laid in the harbor before Manila, and a double line of pipe will cross the Pasig river.

Oklahoma Bank Fails.

Washington, Nov. 3.—The Farmers' national bank of Kingfisher, Oklahoma Territory, has been closed by direction of the comptroller of the currency and placed in the hands of a receiver. Nearly all of the stock of the Kingfisher bank is held as collateral security or owned by the Denver Savings bank, which recently failed. The capital stock of the Farmers' national is $25,000.

GREAT WARSHIPS PLANNED.

Dewey Wants Uncle Sam to Build Mammoth Battleship.

Chicago, Nov. 3.—A dispatch to the Tribune from Washington, D. C., says:

A formidable, yet necessary increase in the navy has been recommended by the general board, of which Admiral Dewey is president. It was learned that this body has asked the president and Secretary Bonaparte to ask congress to authorize the following ships during the coming session:

Three battleships of a displacement which will enable them to carry at least ten 12-inch breech-loading guns. Six torpedo boat destroyers, six torpedo boats. Four submarine torpedo boats.

In order to carry the number of guns proposed by the general board the displacement authorized for the battleships must reach at least 18,000 tons. A recommendation has been made also that congress increases the displacement of the battleships Idaho and Mississippi from 16,000 to 18,000 ton in order that they may be equipped with a heavy battery of 12-inch guns.

Chief Naval Constructor Capps has devised a plan for arming these vessels with eight weapons of the huge caliber desired. This will be double the number of 12-inch guns carried on any ship in the navy. In framing the report Admiral Dewey and the general board have applied the lessons of the Russo-Japanese war.

The battle in the Tsushima straits demonstrates the efficacy of the great 12-inch gun and the value of the torpedo boats for attacking after the gun had gotten in its work.

WILD MAN WAS A FAKE.

Negro Exposes Fraud Which He Had Been Practicing on Public.

Chicago, Nov. 3.—A dispatch to the Tribune from Springfield, Ill., says that a real wild man with horns and huge tusks, was discovered here yesterday. He is George Brown, a big negro, hailing from Georgia, who applied to Dr. Walter Ryan to have the silver plate which held the horns in place removed from his head.

For more than a year and six months the negro had been carrying the plate on his head, concealed beneath the scalp, but recently it began to slip out of place, causing considerable discomfort.

He said that the plate had been inserted under his scalp for the purpose of fastening two horns upon it. At the same time two of his front teeth had been sawed off and supplied with gold crowns upon which could be screwed down two formidable looking tusks, and when this had been accomplished he went on the road with a show posing as a real "wild man."

He declared that in this fashion he had traveled all over the state of Georgia, attracting wondering multitudes of people who came to gaze on the real live "wild man," captured in the recesses of Africa.

As the negro said that the plate had been hurting him for some time, Dr. Ryan took the man to St. Johns hospital, where he removed it.

Strong Evidence Found

Mt. Vernon, O., Nov. 3.—Buried beneath a culvert 200 feet from the spot where Stuart Pierson, the Kenyon college student was ground to death by a train, the authorities have found three lengths of blood-stained rope and a wad of absorbent cotton, also saturated with blood. County Prosecutor Stillwell expresses the firm belief that that boy was chloroformed, the cotton saturated, bound across his face and that then he was tied across the tracks as a part of his initiation into a college fraternity.

Killed in Auto Smash.

Philadelphia, Nov. 3.—James H. A. Brooks, a well-known manufacturer of this city, was killed, Michael G. Price, a business associate, and the wives of the two men were seriously injured in an automobile accident near Absecon, N. J., about 50 miles from here. The accident was caused by a tire slipping off a rear wheel of their automobile while they were riding at a high speed. The party was on its way to Atlantic City from this city.

CHAIN OF EVIDENCE ALMOST COMPLETE

Boston Officials Now Looking for South End Physician.

GIRL'S DIAMOND RING IS FOUND

The Man Who is Being Held by Police in Connection with the Suit Case Mystery, is on Verge of Nervous Collapse—He Refuses to Talk.

Boston, Nov. 3—Morris Nathan who upon arrival here yesterday from Pittsburg, was detained by the local police on the charge of having procured an illegal operation on Susanna A. Geary, the victim of the suit case tragedy, was resting this forenoon at the city hospital, where he was taken last night.

His physical condition when he was taken to the institution was so weak that it was considered doubtful whether it would be possible for him to appear in the municipal court today, to answer to the charge against him. The hospital authorities would divulge little regarding Nathan's condition, but it is understood that he slept well last night.

The finding yesterday in the office of a Back Bay loan company of the solitaire diamond ring given Susanna Geary by her mother last Christmas, was the last thing needed to settle any doubt that might remain as to the identity of the suit case victim.

The police began searching for this ring after the finding of the limbs in the second suit case last Friday and upon the statement by Mrs. Geary that this ring which the girl had been in the habit of wearing was missing. The police have learned that the ring was pawned Sept. 11 by a young man. They are trying to find the pawn ticket given for the ring.

A search for a south-end physician suspected in the case was conducted during the night but without result. The police visited a house where he is said to have lived part of the time, but inmates of the place said the doctor had not been there for several weeks.

The authorities are desirous of interviewing this physician on account of his alleged resemblance to the man who purchased the two suit cases in which the body was found from the south-end pawnshop.

Jesse Gove, chief counsel for Nathan, is said to have instructed his client to make no further statements to the police of any kind. This will force the authorities entirely upon their own resources to make out a case against Nathan and the others who may be responsible.

Nothing New at Pittsburg.

Pittsburg, Nov. 3.—Inspector McCarr, of the Boston police, left this city for Boston today. He would say nothing concerning the suit case mystery or what he had learned from his interrogation of the theatrical people. Superintendent of Detective McQuaide stated there was nothing new for publication, and that the case was closed in Pittsburg.

Consulting Engineers to Meet.

Washington, Nov. 3.—The full board of the consulting engineers of the isthmian canal commission at the conclusion of tomorrow's meeting at which former chief, General Wallace, is to appear, will adjourn until next Wednesday when it is expected the subcommittee of the dock canal will have finished its report. After that date it is expected that the board will again hold daily meetings to discuss and draw up a report of the best plan for the canal. This report is expected to be ready in the latter part of this month and it will be transmitted to congress.

Object to Smith's Promotion.

Atchison, Kan., Nov. 3—The faculty of St. Benedict college of Atchison has drafted resolutions and will forward them to President Roosevelt protesting the talked-of promotion of Jas. F. Smith to be governor general of the Philippines, and asking his removal from the Philippines commission.

THE BUCKMAN BILL NOW IN COURTS

Quo Warranto Proceedings to Test Validity of the Bill.

THE WORK OF LAKE CITYANS

The Good People of the Former University Town Die Hard, and Will Grasp the Last Straw—Attorney-General Ellis Gives Consent

The following telegram from the Tallahassee correspondent of The Times-Union explains itself:

"Quo warranto proceedings will be instituted at an early date in the Supreme Court to test the constitutionality of the Buckman bill.

"Under date of October 28, Attorney-General Ellis has written Judge A. J. Henry of Lake City, giving his permission 'to institute quo warranto proceedings in the name of the Attorney-General upon the relation of such persons as you may name against the members of the Board of Control to inquire into their right to exercise powers and discharge the duties of members of the Board of Control.' This authority is granted on the following conditions: That proceedings shall be commenced within ten days from date thereof; that the proceedings shall be commenced in the Supreme Court of the State of Florida, and prosecuted to a speedy determination; that the State of Florida shall incur no expense on account of court costs, whither the judgment be for or against the relator, and the Attorney-General may at any time cause the said proceedings to be dismissed.

"Judge Henry has written in reply that the proceedings will be instituted immediately."

THE PARK COMPANY

Appeared Last Night in "Fanchon." Matinee This Afternoon.

The popular Park Stock Company appeared last evening in the ever-popular comedy of "Fanchon," and with the fine stage settings, attractive ward-robe and the well-balanced company in the cast, it was one of the best performances of the season and gave universal satisfaction. The acting of Miss Lillian Tucker as Fanchon was decidedly clever, and others in the cast were all up to a high standard. The May-pole dance and Fanchon's shadow dance were very fine.

At the matinee this afternoon the company will appear in "The Fatal Wedding," by special request.

In the evening the full strength of the entire company will conclude the engagement with the famous Western idyl, "Arizona," a play that is at present running in New York City, and one of the most popular dramas of the time.

ELDER RAWLINGS CONFESSES.

Says He Hired Negroes to Kill Carter. Declares Sons Innocent.

Valdosa, Ga., Nov. 3.—J. G. Rawlings has made a confession of hiring Alf Moore to kill W. L. Carter, but he says that the killing of the children was not in the "trade." He says that he particularly cautioned the negro not to harm the children.

Rawlings, Joe Bently and Mitch Johnson made a trade with Alf Moore to do the bloody work, and that Joe Bently and Alf Moore wanted to kill Carter on Sunday night before, but that they could not get a buggy at Hahira to go to Carter's house. He says they tried to hire a buggy, but that the liveryman would not hire it to them unless they would tell him where they were going.

Rawlings says that his confession came without the knowledge of his lawyers, as he had reached the place where he could not keep quiet any longer. He says that he is thoroughly indifferent to the decision of the supreme court so far as he is concerned, but he wants his sons saved.

Sluggish Liver a Foe to Ambition.

You cannot accomplish very much if your liver is inactive, as you feel dull, your eyes are heavy and slight exertion exhausts you. Will Test New Battleship.

Washington, Nov. 3.—The navy department is arranging to have the preliminary trial of the battleship Virginia now building at Newport News take place about Nov. 21. This brings another big battleship close to the point where she will be ready to be placed in commission and carry the flag out upon the high seas. Like the battleship Rhode Island, which has reached the trial stage, the Virginia has a dispalcement of 14,948 tons and is designed for a speed of 19 knots. Her complement calls for 40 officers and 772 enlisted men.

Says Son Killed His Father.

Birmingham, Ala. ,Nov. 3.—Mrs. Carolina Millner, a white woman, nearly 58 years of age, was arrested here charged with the murder of her husband in Baker county, Georgia. She says her son, Quinton, is demented, and that he committed the crime.

Confesses to Another Murder.

Jacksonville, Fla., Nov. 3.—Isham Edwards, who will be hanged Friday for the murder, last September, of N. W. Eppes, superintendent of public instruction for Leon county, confessed to another murder perpetrated about three months earlier. The victim was a negro woman, and Edwards, with great glee, described her dying struggles. He went to her house the next day and acted as one of the pallbearers and praying at the funeral. Edwards is a negro.

ALACHUA WILL HAVE A SPLENDID EXHIBIT

Manager Tench Has Worked Hard, and Has Met Success.

DISPLAY WILL BE DIVERSIFIED

It Will Show to Great Advantage the Possibilities of the County as a Farming and Fruit Growing Country, Manufacturing, Etc.

If Alachua county does not capture the first prize at the big State Fair it will not be because we have not worked for it. Major Jown W. Tench, who has been engaged in collecting county exhibits, and will manage the same at the Fair, has spared no labor in making what should be one of the finest exhibits ever seen at any State fair.

The collection will comprise everything of an agricultural and horticultural nature, and the mining and manufacturing enterprises of Alachua county will also be shown up to advantage. No county in Florida has better or more prolific farming and fruit growing lands, and at the State Fair people from the whole world may see our advantages. Manager Tench has exercised care in selecting only the best, and people from this county will be proud of the exhibit.

The cattle industry of Alachua county will also be well represented, as Manager Callison of Spring Park Farm will have a fine display.

C. C. Pedrick, the buggy and wagon manufacturer, with characteristic energy, has made a special half-dozen "jobs" for the Fair which are bound to attract the admiration of those who are interested in vehicles. Mr. Pedrick is one of the most extensive manufacturers of buggies in the State, and his exhibit alone will be a credit to the manufacturing exhibit of this county.

Manager Tench has made arrangements to leave Gainesville Wednesday, which will give him ample time to arrange the exhibit for the opening of the Fair, which will be on the 15th.

DEATH OF MRS. YOUNG.

Former Gainesville Lady Passed Away at Her Savannah Home.

Information was received in this city Friday afternoon of the death of Mrs. Kate R. Young, which sad event occurred at her home in Savannah at 9 o'clock Friday morning.

Deceased was about sixty-two years of age. She was born in Camden, S. C., but came to Florida directly after the Civil War, and during most of her residence in this State had lived in Gainesville. She was a member of the Presbyterian Church, and a noble, Christian lady, doing much active work in the church for the cause of her Master.

Mrs. Young is survived by two sons, Hal and Heywood Young, two brothers, J. D. and W. C. Matheson, and three sisters, Mesdames S. M. Adamson of this city, Elizabeth McCuen of Santa Fe, N. M., and Mamie McCaa of Portsmouth, Va., to whom the sympathy of the community is extended.

No funeral arrangements had been made up to a late hour Friday night, but it is supposed that the remains will be brought to this city.

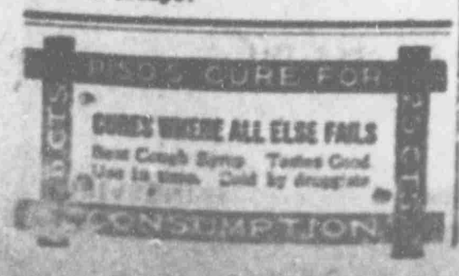
Spend Winter in Arctic Ocean.

San Francisco, Nov. 3.—Eleven whaling vessels, comprising almost the entire fleet which sailed from this city, have been caught in the Arctic ocean. They will not be able to get out until next July or August, and in the meantime their crews of 440 men must face the hardships of a winter in the north. This startling news is conveyed in a telegram to Lewis Anderson and Ford & Co., of this city. The telegram comes from Captain H. M. Bodenish, of the steamer William Bayliss, and states that only this vessel and the schooner Monterey were able to escape.



Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or setting indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

SURVEYING CORPS HOME.

Returned From Tampa After Completing G. & G. Survey.

After completing the survey of the Gainesville & Gulf Railway from Fairfield south to Tampa, the surveying corps, under command of Surveyors J. W. Patton, A. W. Taylor and others, have returned to this city.

Mr. Patton states that the task was one of great difficulty, owing to the large area of swamp lands which the party encountered in several instances. Considering the nature of the country, the work was completed in a very reasonable time, although a longer period was consumed than was originally anticipated.

Surveyor Patton is elated over the prospects of the new extension of the Gainesville & Gulf and the benefit which must naturally accrue to Gainesville. He declares the Gainesville & Gulf will traverse one of the richest and best sections in Florida, where not only the land is fertile, but the country abounds in fine yellow pine and cypress timber which has never been developed owing to lack of transportation facilities.

Road Cost $75,000 Per Mile.

San Francisco, Nov. 3.—Major L. W. Kennon, who has had charge of the construction of a wagon road from Manila to Baguio, in Benguet province, arrived yesterday on the transport Logan from the Philippines. His road, it is reported, is the finest in the island and has cost the government a great sum, amounting to between $1,500,000 and $2,000,000. Major Kennon is authority for the statement that the road cost $75,000 a mile for the last 20 of the 50 miles up into the mountains, where forests had to be cleared away and rocks cut through. But the thoroughfare is now ready for the laying of rails, if the government should decide to built a steel highway there.

Best Liniment on Earth.

Henry D. Baldwin, Superintendent City Waterworks, Shullsburg, Wis., writes: "I have tried many kinds of liniments, but I have never received much benefit until I used Ballard's Snow Liniment for rheumatism and pains. I think it the best liniment on earth." 25c, 50c and $1. Sold by W. W. Johnson.

Cotton is Jumping!

Why Does This Interest You?

Because Homspuns, Ginghams, Calicos, Drillings, Ducking, Bleaching, Cambrics, Towels, Underwear and a great many Dress Goods—in fact 75 per cent of a dry goods stock—are made of cotton.

Cotton Advanced $2.50 a Bale in One Day!

It is still going up. Our Dry Goods were purchased when cotton was 6½ cents a pound. For three months the price of cotton has been 10 to 11 cents.

We are selling our Dry Goods today at from 10 to 20 per cent less than the factory price f. o. b.

SUNSTROKES.

The man who does not like "The Clansman" does not want people to twit on facts.

Of all earthly things a man has to be proud of it is his character. It stands for striving and will-power.

We never yet saw the man who could exactly suit a woman in engaging living rooms, provided she had no fear in kicking.

The transformation of the summer boarder to the winter boarder will soon take place, with the aid of the Pullman.

The people of Pensacola discovered a few days ago that "Fighting the Flames" was the most costly and spectacular amusement they have had for some time.

An effort is being made by some of our local preachers to get the people in the outlying districts to stop hunting hogs on Sunday and attend religious services that will be held at various points on each Sunday afternoon.

If a wet summer is followed by a warm winter, there is a good prospect for the coming winter season. Although the past summer was not so terribly wet in this section, old residents claimed that it reminded them of the old days in Florida, when tissue ballots and carpet-baggers were in their glory. But we are now informed that the people in search of homes are coming this way, and they can rest assured that the good folks in Florida will give them a hearty welcome.

The editor of The Jacksonville Times-Union is as full of jokes at the misfortunes of our sister city as was Nero when Rome was burning, and pens the following: "Pensacola's troubles seem all to come at once. Let us hope that having fired a big block, the town will now proceed to fire the yellow fever."

With the development of Florida comes the increase of railroad traffic. Every new settler helps the railroads, and we are pleased to see them taking a lively interest in the homeseeker movement.

Some of President Roosevelt's good Republican friends are afraid the Democrats of the South may want him to run for President again, and such a program would "bust" up the slate.

The naval stores men are now in clover. Prices are high for rosin and turpentine, and there is more money being made today with that product than a Texas oil well can produce.

The mild autumn weather of the South has a chilly background in the North of ice and snow.

The strikers in Russia say that the government is composed of cowards. Discovered at last.

Won't someone publish a book on "The President's visit to the South?"

The Russians need another little peace conference of their own.

West Virginia will be well represented in Florida this winter.

IMMIGRATION CONFERENCE.

The Tradesman, published at Chattanooga, Tenn., where the immigration conference is to be held November 9th and 10th, says that this conference will mark a distinct epoch in the future of the South, and we believe that the educational effects it will achieve regarding yellow fever will be of such a character that there will never again be a "shot-gun quarantine" in the South, or any other that will in the least partake of the hardships and losses that have hitherto followed all quarantines in this section.

There will be a more perfect knowledge of the origin and treatment of this disease, and this will remove the great apprehension and dread which its appearance has heretofore created, and there will be as little disturbance to usual avocations if it does appear as is now seen over typhoid or other fevers to which humanity is subject.

To have been a participant in a gathering that aided, in even the slightest degree, in bringing such results to the people of the South, will be indeed an honor worthy of transmission to one's posterity with feelings of highest gratification and loftiest pride.

So likewise will it be with the question of immigration. This is none the less vital to the South at this time than is the question of relieving it from the burdens and evils of quarantine. Every interest of our people demands that only such numbers and classes of immigrants be brought into the South as can be given profitable employment and assimilated with our institutions. There is an imminent danger of having dumped on to the South great hordes of those alum classes that are now flooding other portions of our country, and if these come among us in anything like the numbers that are arriving at Castle Garden and Ellis Island we shall have evils of which we have never dreamed before. The turning of this tide Southward, as is now contemplated, will bring a change in the entire conditions for which the South has fought so long and valiantly, for this would practically jeopardize not only good government but our very civilization itself.

No mistakes must be made now in this matter, but it should be met with the same degree of loyalty and devotion to the best interests of the South as have characterized our people for the past forty years. The Tradesman has nothing but the best interests of the South at heart, and it has made no utterance on this great question but that came from conviction, and it expects to continue along the line of its past policy on this subject.

Let those who have the welfare of the South at heart attend this conference, and let them act from that standpoint alone, and if that is done there can be no question of the value or importance of the service that will be rendered to this people and to the country.

The Daily News of Pensacola has its troubles. It has been fighting the doctors who have been fighting the fever, and has overlooked other items. It has each day published a list of deaths from fever, and now says it would gladly publish the notices of the deaths of some people from other causes. What a sentiment.

Governor Broward has issued a general invitation to all members of the Legislature of 1905, and to his personal staff, to attend the opening of the Florida Mid-Winter Fair at Tampa, November 15th. Governor Broward will be present to formally open the Fair.

Key West celebrated the commencement of work on the Florida East Coast Railway extension to that city, on Thursday, November 2, with a barbecue. It was a big time.

Beware of Ointments for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

FACTORIES WANTED.

The people of Gainesville, and especially men with capital, are now looking around for the location of factories in our city, so that we may have men employed to consume the farm products of the surrounding country. We have the banner agricultural county of the State, and if we can make a home market for farm products without being obliged to ship to other markets it would hold the trade at home.

Situated as Gainesville is, in the midst of the finest cotton belt in the South, there is no reason why a cotton mill should not be a paying investment to the man or men who should engage in this enterprise. Mr. P. M. Colson, who has recently been in Quitman, Ga., where they have two cotton mills—long and short—was informed by a gentleman who was posted on the subject that the mills there paid upwards of 15 per cent on the investment. The two factories in that city were built and equipped at a cost of $75,000 each.

The amount of trade the merchants would realize from the employes of a cotton factory would be considerable, and as the raw material would be right at hand, the benefits can be readily seen. It would help our cotton market and help our merchants and increase every line of business.

Let the matter be considered by men who have money to invest at a fair rate of interest.

You Get Up

In the morning tired, languid, and frequently with a headache that is almost unbearable. You have been nervous, restless and sleepless night after night, and gloomy and irritable during the day. This nervous exhaustion affects the heart, lungs and other organs that depend upon the nerves for motive power. Then the stomach fails to digest the food; the heart action is weak, and circulation poor, and the kidneys and liver inactive.

What you need is not a stomach, head, kidney or liver medicine, but Dr. Miles' Nervine to soothe and feed the nerves and build nerve tissue.

"My wife was subject to severe mental strain, which resulted in nervous prostration. The first symptoms were uncontrollable crying and melancholy spells, which increased to such an extent that for over a year she would have a spell every day of from four to six hours duration. She required the constant attention of her physician and attendants. She suffered great pain and anguish. The best physicians attending her could give no relief, and she finally became almost of unsound mind. As a last resort I began giving her Dr. Miles' Nervine, and Tonic, and noticed that her spells next day were not so severe, and they gradually disappeared altogether. She has had no recurrence of the spells, and is gaining in health and strength.

WOMAN DISGUISED AS MAN.

Travels Across the Continent as a Tramp Before Identity Discovered.

New York, Nov. 3—A three months' journey across the continent from Nevada, during which she was attired in men's clothes, Mrs. Margaret Jenkins arrived here Tuesday, says a dispatch to the Herald from Wilkesbarre, Pa.

She was making her way by stealing rides on freight trains and was bound for Lewiston, Pa., where she has relatives. A Lehigh Valley railroad special officer saw her in a car and arrested her. Not until she was taken to the station house did she reveal the fact that she was a woman, and then she told a story so pathetic that she was released.

She said that eight years ago she and her husband left Scranton for Nevada, where they lived happily until three months ago, when he deserted her. Too proud to remain in the town where she was known, but penniless and without friends to whom she could appeal, she decided to make her way east.

Finding that as a woman even food was refused her and that work was impossible to obtain, she procured men's clothing, cut off her hair and resumed her journey eastward. Her sex was never discovered nor was she arrested until she reached here.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." Taft Arrives at Isthmus.

Colon, Nov. 2—8:20 a. m.—The United States cruiser Columbia, from Norfolk, Va., Oct. 28, with Secretary Taft and his party on board, has just been signalled. The public buildings, the offices of the Panama railroad and other establishments are flying flags in honor of the double event, the second anniversary of the establishment of the republic of Panama and the arrival of Secretary Taft. The six-pounders have been brought here from the City of Panama to fire a salute in the secretary's honor.

Constipation.

Health is absolutely impossible if constipation be present. Many serious cases of liver and kidney complaint have sprung from neglected constipation. Such a deplorable condition is unnecessary. There is a cure for it. Herbine will speedily remedy matters. C. A. Lindsay, P. Large Fruit Crop in California.

Ventura, Calif., Nov. 3.—The citrus fruit crop promises to be from 10 to 15 per cent greater than last year in this county, and the price also promises to be better, especially on oranges. This year the orange crop in the Ojai will reach 75,000 boxes. Santa Paula will grow 125 carloads. The Fillmore section will have 200 cars and Piru and Camulos 25 cars. Of the lemons, there will be 350 cars from Santa Paula and Limonera and 600 cars from Fillmore. Last year the Limoneras, here the biggest lemon orchard in the world is located, shipped 365 cars. Many new orange and lemon orchards have been put out during the past season.

TO CURE ANY DISEASE.

The Cause Must be Removed, Same Way With Dandruff.

Kill the germ that causes dandruff, falling hair and baldness, you will have no more dandruff, and your hair must grow luxuriantly. Newbro's Herpicide not only contains the dandruff germ destroyer, but it is also a most delightful hair dressing for regular toilet use. No other hair preparation is on this scientific basis of destoying the dandruff germs. It stops all irritation, keeps the scalp sweet, pure and wholesome. Remember that something claimed to be "just as good," will not do the work of genuine Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. **J. S. Many Persons Have Catarrh of Kidneys, Or Catarrh of Bladder and Don't Know It.

President Newhof and War Correspondent Richards Were Promptly Cured By Pe-ru-na.

PRES. C. B. NEWHOF, Suffered From Catarrh of Bladder.

Mr. C. B. Newhof, 10 Delamare street, Albany, N. Y., President Montefiore Club, writes:

"Since my advanced age I find that I have been frequently troubled with urinary ailments. The bladder seemed irritated, and my physician said that it was catarrh caused by a protracted cold which would be difficult to overcome on account of my advanced years. I took Peruna, hardly daring to believe that I would be helped, but I found to my relief that I soon began to mend. The irritation gradually subsided and the urinary difficulties passed away. I have enjoyed excellent health now for the past seven months. I enjoy my meals, sleep soundly, and am as well as I was twenty years ago. I give all praise to Peruna."—C. B. Newhof.

Suffered From Catarrh of Kidneys, Threatened With Nervous Collapse, Cured by Pe-ru-na.

Mr. F. B. Richards, 600 E Street, N. W., Washington, D. C., War Correspondent, writes: "Exactly six years ago I was ordered to Cuba as staff correspondent of the New York Sun. I was in charge of a Sun Dispatch boat through the Spanish American War. The effect of the tropical climate and the nervous strain showed plainly on my return to the states. Lassitude, depression to the verge of melancholia, and incessant kidney trouble made me practically an invalid. This undesirable condition continued, despite the best of treatment.

Finally a brother newspaper man, who like myself had served in the war, induced me to give a faithful trial to Peruna. I did so. In a short time the lassitude left me, my kidneys resumed a healty condition, and a complete cure was effected. I cannot too strongly recommend Peruna to those suffering with kidney trouble. To-day I am able to work as hard as at any time in my life, and the examiner for a leading insurance company pronounced me an "A risk."

In Poor Health Over Four Years. Pe-ru-na Only Remedy of Real Benefit.

Mr. John Nimmo, 215 Lippincott St., Toronto, Can., a prominent merchant of that city and also a member of the Masonic order, writes:

"I have been in poor health generally for over four years. When I caught a bad cold last winter it settled in the bladder and kidneys, causing serious trouble. I took two greatly advertised kidney remedies without getting the desired results. Peruna is the only remedy which was really of any benefit to me. I have not had a trace of kidney trouble nor a cold in my system."

Pe-ru-na Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotics of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peruna has been used off and on for twenty years. Such a thing could not be possible if Peruna contained any drugs of a narcotic nature.

MASONS ELECT OFFICERS.

Hon. Max Meyerhardt is Again Chosen Grand Master of Order.

Macon, Ga., Nov. 3.—In the race for the office of grand master of the grand lodge of Masons, present Grand Master Max Meyerhardt, of Rome, was re-elected over Thomas H. Jeffries, of Atlanta, by a vote of 517 to 292. There was great interest in the result, and when the hour arrived for the opening of the session an Wednesday morning, every member of the grand lodge was present.

No business was before the body save the election of grand officers dur. in the morning session. There was no contest for any other office, and as fast of the votes could be cast and the results counted, the old officers were announced re-elected. The list of officers for the ensuing year is as follows:

Max Meyerhardt, of Rome, grand master; Thomas H. Jeffries, of Atlanta, deputy grand master; Henry Banks, of LaGrange, senior grand warden; George M. Nopier, of Monroe, junior grand warden; James M. Rushin, of Boston, grand treasurer; W. A. Wollhin, of Macon grand secretary.

TWO KILLED BY EXPLOSION.

Casualty Occurs in Electric Power Station at Washington.

Washington, Nov. 3.—Two men were killed and three seriously injured about 2:15 o'clock Wednesday afternoon by an explosion in the Potomac electric power house at the corner of Fourteenth and B streets, northwest. The killed are William H. White, an engineer, 39 years old and Charles A. Whitley, negro, 31 years of age.

The explosion blew off the head of a 12inch cylinder on the main steam pipe. The damage to the plant was comparatively small. Several street car lines were temporarily shut off from electric power while many business houses and office buildings were for a time deprived of electricity for illumination and for elevator power.

The exact cause of the explosion has not been ascertained.

Bank President Will Give Bond.

Louisville, Nov. 2.—W. B. Smith, the indicted president of the old Western National bank, arrived in Louisville last night and is arranging to give bond in the federal court, where he must answer the charges of embezzlement, making false entries and misappropriating funds of the institution.

PEARLS MUST BE WORN.

If Stored Away the Jewels Are Sure to Languish and Die.

That pearls "die" in obscurity and retain their luster and value when worn frequently is a fact that has always to be borne in mind by the owners of jewels.

Pearls must be worn frequently to preserve them. If you take a pearl necklace and lock it up you will find that in the course of years the pearls become dull and lose the sheen that makes them so valuable. Heirlooms which have been carefully treasured will sometimes be found to have deteriorated in this way. They lose their glow and in some instances become almost black. Pearl necklaces never keep so well as when they are constantly on the necks of their owners.

It has been suggested that personal influences have something to do with the matter, but it is more likely that the effect is due to light and air. You can wear pearls practically as long as you like, certainly for fifty years, and they would give no indication of change, and you might lock pearls up and perhaps in twenty years they would show signs of "dying." There are, however, ways of resuscitating pearls, but the fact that they "die" is quite clear.—London Mail.

The Origin of Horseshoes.

The earliest form of the horseshoe was a leather boot worn by heavy war horses. The ordinary war horses of the Greeks, Romans and Persians went unshod, though methods of hardening the hoof were occasionally resorted to. The very earliest records of metal horseshoes is found in a manuscript of Pope Leo VI., who died in the year 911 A. D., but it is known that they were used at a much earlier date, as real metal shoes of that character have been found in tombs known to date back to the sixth century. The oldest oriental forms of horseshoes were circular in shape and fastened with flanges which clamped the sides of the hoofs.

Neuralgia Pains.

Rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bones, and being absorbed into the blood its healing properties are conveyed to every part of the body, and effect some wonderful cures. 25c, 50c and $1. Sold by W. M. Johnson.

LARGER THAN A CRICKET.

The Creature a Tutor Described and Its Final Identification.

One of the tutors at a great university, according to the Dundee Advertiser, wrote to the leading newspaper of the city to the following effect: "Walking in the dusk through the grounds of the university the other evening, my attention was arrested by a low murmuring sound near me which was neither a hiss nor a whistle. On looking I saw a creature lying on the ground, larger than a cricket. Two antennae-like protuberances projected above the eyes. It had no wings, and the covering of its body was variegated, though certainly not like down. Mindful of the danger to myself, I did not venture to turn it on its back so as to count the legs. On the ground lay a small quantity of snow white substance which evidently exuded from the body. Can any of your readers identify the creature from this imperfect description?"

The government naturalist fell into the trap—baited probably specially for him. He wrote learnedly about various insects and concluded that the one observed must be one of two whose long Latin names he gave. The antennae-like protuberances are used for burrowing in the ground, and these insects secrete a fluid which they have the power of ejecting to protect themselves in case of attack. The tutor wrote again to thank the naturalist for his information and to say he need not trouble him further, as he had fortunately observed the creature again more closely under exactly similar circumstances and was able now to identify it himself as the Vacca vulgaris, or common cow.

How Do You Write One Billion?

There is one sum expressed by the Arabic numerals upon which the American and the English mathematicians have never been able to agree, the exact number of naughts to be used in expressing the sum of 1,000,000,000. In this country as well as in France and several other European nations a billion is a thousand millions and is expressed with a figure 1 and nine naughts—thus, 1,000,000,000. In England, however, they speak of a billion as being "a million millions" and in writing it with Arabic characters always use a figure 1 and twelve naughts—thus, 1,000,000,000,000.

Remarkable Fortress.

In the northern part of Madagascar is the most remarkable natural fortress in the world. It is occupied by a wild tribe who call themselves the People of the Rocks. The fortress is a lofty and precipitous rock of enormous size, 1,000 feet high and eight square miles in area. Its sides are so steep that it cannot be climbed without artificial means. Within it is hollow, and the only entrance is by a subterranean passage.

A Chinese Maxim.

When the sword is rusty, the plow bright, the prisons empty, the granaries full, the steps of the temples worn down and those of the law courts grass grown, when doctors go afoot, the bakers on horseback and the men of letters drive in their own carriages, then the empire is well governed.

If a man laughs always, set him down as foolish; if never, as false.—Balthasor Gracian.

Man's Unreasonableness

Is often as great as woman's. But Thos. S. Austin, manager of The Republican of Leavensworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured, and can now perform all her household duties." Guaranteed by all druggists. Price 50c.

Keep Your Head Clear

And your stomach free from Indigestion if you would be happy with your family and your fellow-man.

The surest thing on earth to get a man's system "out of whack" is heavy, soggy bread, which is caused by several reasons. First, the material may not be good; second, the cooking may be poor. The best flour in the world will make the heaviest bread if improperly mixed or cooked. WE USE THE BEST FLOUR and our "long suit" is knowing how to mix and bake it. Our bread does not cost any more than home-made, and in many instances it is so much more palatable.

SALUTING A SNEEZER

A CUSTOM THAT BELONGS TO EVERY NATION AND CLIME.

There Are Many and Varied Answers to the Question, Why Do We Do It? That Was Asked by Pliny Some Nineteen Centuries Ago.

"Why do we salute the sneezer?" asked Pliny nineteen centuries ago. We still ask the question, and one wonders if Pliny could collect so many ingenious replies as the ana of the twentieth century furnish.

In Caxton's 1483 edition of "The Golden Legende" is an account of a pestilence in Rome in the time of Gregory the Great, from which many died suddenly. "In this manere, sometyme sneesying they deyed, so that when any persone was herd snesying, anone they that were by said to hym, God helpe you, or Cryst helpe, and yet endureth the custome." As Pope Gregory reigned in the sixth century Pliny's query far antedates the explanation in "The Golden Legende."

In the Buddhist Scriptures, dating at least 250 B. C., it is related that Buddha, when preaching one day to his disciples, sneezed, whereupon all exclaimed: "May the Blessed Lord live! May the welcome one live!" thus seriously interrupting the discourse. Buddha said, "Tell me, when a person sneezes, if the bystanders say, 'May you live,' will he live the longer or die the sooner for it?" "Certainly not, lord." So he forbade them to say it. But the people took offense because the priests did not thus salute them, and Buddha revoked his command.

The Talmudic tradition is that the custom dates from Jacob. Before his time man did not die of disease, but when his appointed time was come he sneezed once and was dead. Jacob petitioned for exemption from this law, and his prayer was granted on condition that among all nations a sneeze should be hallowed by the words, "God bless you."

The Greeks traced the custom back to the myth of Prometheus, who made an image of clay and wished to give it life. From the sun he stole a reedful of rays, and, hastening back to his statue, he placed the reed under its nostrils, producing a sneeze—a phenomenon we may at any time produce by standing in the sun. At this sign of life in his creation Prometheus ejaculated a blessing and a prayer for its preservation, and this response to a sneeze has been handed down through all generations.

Also in the story of the Shunamite child restored to life by the prophet Elisha do we find the idea that this convulsive effort of nature is the first sign of life. "The child sneezed seven times, and the child opened his eyes." According to Scottish folklore, a newborn child is under the fairy spells until it sneezes. Aristotle mentions the practice of physicians who, when death seems near, give medicines to induce sneezing, hoping thereby to arouse the failing faculties. Aristotle seems to have given much attention to omens of sneezing. He says a sneeze on the right hand brings good fortune; on the left hand it betokens ill.

In the Odyssey, when Penelope calls on the absent Ulysses to punish wrong:

Telemachus then sneezed aloud.
The smiling queen the happy omen blessed,
"So may these impious fall by fate oppressed."

St. Augustine records that when the ancients arose in the morning if they sneezed while putting on their shoes they immediately went back to bed again in order to get up more auspiciously and so escape misfortunes likely to occur during the day. If a Hindoo sneezes while performing his morning ablutions in the Ganges he touches his forehead, nose, chin and cheeks with the tips of his fingers and recommences his prayers from the very beginning. In illness sneezing is considered a good omen, a sign of returning health. Howell in 1650 said, "He that hath sneezed twice, turn him out of the hospital." Among the ancients if any one sneezed directly after dinner a dish was brought back and tasted to avert misfortune.

The custom of saluting belongs to every nation and clime. In Ethiopia when the king sneezed those about him saluted so loudly that they were heard and echoed through the whole city. In 1542 De Soto had an interview in Florida with a cacique who during conversation happened to sneeze. All his attendants bowed their heads, opened and closed their arms and saluted the prince with "May the sun guard you, shine on you, defend you, prosper you," and similar phrases. An Italian child's primer of 1585 says, "Being prompt in saluting any one who may sneeze and returning thanks to any who on such an occasion may have wished you well."

An epigram in the Greek anthology shows it was customary to say "God bless you." The ancient Romans said "Salve." The modern Romans of the lower class says, "Figli maschi" (May you have male children). The north Germans say, "Your good health;" in Vienna, "God be with you;" in Iceland the peasant says, "God bless your honor;" "Long life to your honor." The Russian form is "To your good health" or "How do you do?" English folklore is full of rhymes about sneezing on certain days. In Devonshire they say:

Sneeze on Sunday morning fasting,
You'll enjoy your own true love everlasting.

This is but one of the many that are in use all over the land.

BABES IN THE WOOD.

A Seventeenth Century Incident In the State of Maine.

In 1679 James Adams of York became affronted with one of his neighbors, Henry Simpson, and determined to avenge himself upon two of Simpson's children, whose ages were six and nine years. In a solitary place four or five miles from the dwelling houses of the inhabitants he built of logs beside a ledge of perpendicular rocks a pen or pound several feet high, with walls inclined inward from bottom to top. After he had built this he decoyed the children into the woods under a pretense of searching for birds' nests and caused them to enter within the pound, where he left them confined to perish. The place has since been called the Devil's Invention.

The children were soon missed, and the alarmed inhabitants searched for them more than forty-eight hours. The boys, when aware of their wretched situation, made various attempts to get out, and at length, by digging away with their hands the surface of the earth underneath one of the bottom logs, effected their escape. They wandered in the woods three days, being at last attracted to the seashore by the noise of the surf, where they were found.

The depraved criminal was condemned to have thirty stripes well laid on, to pay the father of the children £5, the treasurer £10, besides fees and charges of the prison, and remain a close prisoner during the court's pleasure or till further order. The same month he recognized before two of the judges, "conditioned to send him, within twenty-one days, out of the jurisdiction."

ANIMAL PHOTOGRAPHY.

Kangaroos and Hyenas Are the Most Difficult Subjects.

"The hardest of wild animals to photograph is the kangaroo," said the zoo camera expert. "He is constantly hopping around, getting out of range and focus, and his color is of that dark, neutral tone that requires long exposure to get the details. The leopard is a restless creature, and it is hard to catch him just right. When the animal is alert he makes an example of brute beauty that is worth preserving.

"But the monkey makes the camera artist earn his wages. He is a half human chap, with a sense of humor all his own. He is as full of humor and mischief as a healthy boy. As the monkey is mischievous, so is the lion proud and is easily the leader among the vain animals. He is the zoological Beau Brummel. The lion rather fancies the camera expert and whenever one comes in view will settle down into a graceful pose and keep it until the operator turns away. A camera seems to terrify the tiger. At first he looks at it in quiet amazement. When the operator draws nearer the look of wonder gives place to one of annoyance and the pressed back ears give token of anger.

"The problem of perpetual motion is almost solved by the hyena. It has a homely face, wide at the top and pointed at the bottom, and has meanness and treachery written in every line. About the only way to secure a good picture in his case is to tie him fast so that he cannot move a jot. Even then results are not entirely satisfactory."

The Horrors of War.

In his diary of the campaign of 1866 the Emperor Frederick of Germany wrote: "It is a shocking thing to ride over a battlefield, and it is impossible to describe the hideous mutilations which present themselves. War is really something frightful, and those who create it with a stroke of the pen, sitting at a green cloth table, little dream what horrors they are conjuring up." Bismarck once expressed himself to the same effect and added: "Had it not been for me there would have been three great wars the less, the lives of 80,000 men would not have been sacrificed, and many parents, brothers, sisters and widows would not now be mourners. That, however, I have settled with my Maker!"

His Insanity.

"Your honor," said the attorney, "this man's insanity takes the form of a belief that every one wants to rob him. He won't allow even me, his counsel, to approach him."

"Maybe he's not so crazy after all," murmured the court in a judicial whisper.—London Express.

Made It Emphatic.

"What's Maude crying about now?"

"Oh, she asked her husband if he would marry again in case she died, and he declared that he wouldn't."

"Well, nothing wrong about that."

"No; but you should have heard him say it."—Louisville Courier-Journal.

READ THIS.

Collinsville, Texas, June 6, 1903.

Dr. E. W. Hall, St. Louis, Mo.: Dear Doctor—It is with pleasure that I recommend your Texas Wonder for kidney and bladder troubles, as my wife and myself have both used it and experienced wonderful relief from its use. Owen W. Hunter.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, inflammation, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggists, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Wendell W. Hall, sole manufacturer, P. O. box 620, St. Louis, Mo. Send for testimonials. Sold by all druggists.

John T. Denton, formerly of this city but now of New York, left yesterday for Ormond after several days spent here. Mr. Denton is engaged in the fruit and produce commission business, and is looking after his interests here.

C. C. Chitty left yesterday for Jacksonville, having been summoned on account of the illness of his brother, A. H. Chitty, in that city. Mr. Chitty's numerous friends will regret to learn of his illness, and trust that he will soon recover.

Third Repmt of Waukeenah, former member of the Board of County Commissioners, and one of the most widely known residents of the West End, was a business visitor to Gainesville yesterday. Mr. Bryant states that the farmers of his section are prosperous and happy.

Rev. S. E. Rogers, pastor of the First Baptist Church of this city, and president of the Baptist State Convention, will preach at Fairbanks Sunday afternoon at 3 o'clock. Mr. Rogers is an eloquent and forceful speaker, and is bound to interest those who attend this service. A cordial invitation is extended to the public.

C. W. Backnight of Archer, one of the leading merchants of that town, was a business visitor to Gainesville yesterday. Mr. Backnight states that about ninety per cent of the cotton crop in the Archer section has been gathered, and about 300 bales have been ginned at Archer so far this season. The grade is now poor, the best cotton having been gathered, with the result that prices are down.

Friends of Mr. and Mrs. A. M. Pownell, who are spending a few weeks with relatives in Waycross, Ga., will be gratified at the information that they continue to improve in health. "I just feel so good that I can't get enough to eat," he writes, "and I am gaining every day." Mr. and Mrs. Pownell expect in a few days to proceed to Quitman, Ga. They will not return to Gainesville until the first of the year.

Attorney C. C. Thomas of Starke has arrived in the city, and is looking after his interests here. Col. Thomas will soon begin the publication of a monthly publication, The Plain Dealer, which will be conducted upon what might be termed a sensational line, inasmuch as its editor proposes, as the name of the periodical indicates, to be a plain dealer with the affairs of the people and the country. He is a good writer, and something interesting is anticipated when The Plain Dealer makes its appearance.

O. W. Reagan of Ocala, one of the valued employes of the Hooper Bros. & Darlington Co., was among the visitors to Gainesville yesterday. He was en route from Hague, where he has been looking after the company's interests for the past few months.

Yesterday Marshal Pinkoson arrested Mattie and Rosa Clark, two colored girls, upon a charge of swearing and using abusive language. The warrant was issued at the instigation of Susie Grant, who alleges that the Clark woman "set in" upon her and proceeded to dress her down to the Queen's taste in all manner of uncomplimentary terms. They will have an opportunity to tell Mayor Thomas all about it this morning.

F. W. Sherman and wife of Starke have purchased the Commercial Hotel at that place, and will take charge on the 15th inst. The house will be thoroughly renovated and repaired, and a great deal of modern furniture will be installed. The hotel will be under the personal management of Mrs. Sherman. Mr. Sherman is one of the most popular traveling men in this section, and his influence among that class will no doubt make the hotel a success.
